Fishers Island Ferry District
2025 YEAR-ROUND RESIDENT ID APPLICATION

1. The year-round resident program has been established by the Board of Commissioners of the Fishers Island Ferry District for the purpose of encouraging and sustaining year-round residency through a ticket discount when using the ferry service. Year-round residents are encouraged to register to vote from a Fishers Island address in order to participate in ferry elections.
2. Qualifications of "Year-Round Residency" are that the applicant will be resident on Fishers Island, New York "year-round", at least nine months (**270 days**) of the calendar year. The dependents of year-round residents also qualify until they establish separate residence or pass their 26th birthday.
3. Starting January 1, 2020 - all applicants should have a valid NY State driver's license with a Fishers Island address and live on Fishers Island 270 days each year.
4. In order to receive the discount, the year-round resident must display his/her ID card when purchasing a ticket and unique cards must be displayed for each ticket acquired.
5. Year-round residents using the ferry for business or commercial use are required to pay the full fare. ***Discount trips are strictly for personal use only.***
6. Residents new to Fishers Island are required to have maintained a full-time, documented status for a minimum of four (4) months before obtaining a year-round resident ID card. The four-month waiting period may be shortened if a valid NY State driver's license.
7. **Residents are required to have a freight account and an email address on file.**
8. Applicants must submit this completed application to the Fishers Island Ferry District's business office for review and approval.
9. Granting of the year-round pass is ultimately at the discretion of the Fishers Island Ferry District's Board of Commissioners. The resident ID may be suspended or withdrawn at any time. Misuse of this privilege may result in termination of the ID card.
10. Replacement cards cost \$10.00.
11. Year-round residents may use pictures of their Resident IDs on their mobile devices as proof of residency and eligibility for the resident fare discount in place of having the ID card on-hand.
